

Delahaut Scholarship Application for N.E.W. Lutheran High School Students

The Delahaut Scholarship Fund is for Faith Lutheran members attending N.E.W. Lutheran High School. This scholarship was set up to allow all Faith Lutheran members who are high school age to have the opportunity to attend N.E.W. Lutheran High School regardless of financial ability. Each applicant and their family must be active members of Faith Lutheran Church. Active membership includes regular church attendance, Sunday School attendance, participation in youth groups and other Faith activities. Applicants are also reminded that attending N.E.W. Lutheran High School is not the same as or a substitution for being part of the Faith Lutheran Church family.

All members transferring into Faith Lutheran Church will be eligible for the Delahaut Scholarship Fund one year after the official membership date (i.e. official transfer). Exceptions will be made upon an approval of a written request to the Board of Education. An example of a request would be for a family moving in from outside of the Green Bay area.

Families who have the desire to send their children to N.E.W. Lutheran High School are encouraged to apply for the scholarship. Each year the funds for this scholarship are taken from the interest earned of the endowment fund left by Jerry Delahaut. Due to the limited funds, we ask families to pray and carefully consider their finances and what assistance will be needed for their student to attend NEW Lutheran High School so that all of the high school students from Faith Lutheran Church will have the opportunity to receive financial assistance.

The due date for all applications is **May 1st** prior to the school year attending. Assistance must be requested each year of attendance at N.E.W. Lutheran High School. Careful consideration will be given to all applications and you will be notified on the amount awarded in by the end of June. Scholarship funds will be sent directly to N.E.W. Lutheran High School in September and January, with instruction to deduct it from any tuition balance a member may have after approval from the Board of Education. This is to ensure current enrollment of the student at the school at the time of scholarship. This will not affect a "paid in full" status for anyone who receives the small discount for full payment in August.
